GT38SL

Premium Cast Digital Print Wrap Film

Introducing GT38SL a new high performance digitally printed wrapping film manufactured by GRAFITYP and engineered using the latest developments in repositionable air-escape adhesive with slide technology. GT38SL is developed for fast vehicle/fleet installations with exceptional handling.

Unique Features

- ▶ **Lite Initial Contact and Easy Installation**

The lite contact facilitates graphics to effortlessly slide over the surface until firm pressure is applied making it easy to install graphics

- ▶ **Enhanced Repositionability**

Superior repositionability allows the installer to snap up the film multiple times to ensure the correct placement of the graphics

- ▶ **Unrivalled Print Quality**

Superior print quality across all printing technologies

- ▶ **3D Conformability**

GT38SL 50 micron film enables easy fitting into 3D channels and recesses with upto 190% stretch
