# PROTECT YOUR VEHICLE WITH GRAFIGUARD PPF

**BONNETS**

**WING MIRRORS**

**HEADLIGHTS**

**WINGS**

**ENTIRE VEHICLE**

Grafiguard Paint Protection Films (PPF) are designed to protect the vulnerable parts of cars, bicycles, motorbikes, etc... They are mostly transparent gloss, so the underlying colour remains perfectly visible.

PPF films make it possible to protect your bumper, bonnet or the frame of your bicycle against stone chips, sand and scratches which will help maintain its residual value.

## EXCEPTIONAL PPF PERFORMANCE

## GRAFIGUARD PAINT PROTECTION FILMS (PVC)

Excellent for part wraps

GrafiGuard's transparent paint protection calandered (PVC). These offer excellent protection on flat and slightly curved surfaces.
