GRAFICAST

The Graficast Supercast series is a range of cast PVC films of the highest quality for long term outdoor applications (up to 10 years) under the most extreme conditions and on uneven surfaces.

The glossy, very thin (only 50µm) Graficast Supercast film is supplied on a 130 gram PE-coated release liner, which enables the film to stay perfectly flat and stable. A high quality solvent based permanent acrylic adhesive guarantees perfect adhesion on every kind of surface.

The Graficast Supercast series was developed for long term outdoor sign making on cars, boats, trucks and airplanes, but also for stripings in the automotive industry. As the film is very soft and flexible, it can be used over corrugations with ease.

		TEST METHOD	GRAFICAST SERIES
1	Thickness	Din53370 (µm)	50
2	Elongation at break in length direction Elongation at break in cross direction	Din53455 (%)	> 200 > 200
3	Dimensional stability (on aluminium 10x10cm)	Finat 14 (mm)	< 0.20
4	Degree of gloss	Finat14 (gloss units)	min. 50 (meas.angle 20°)
5	Adhesion strength after 20 min. Adhesion strength after 24 hours	Finat 1 (N/25mm)	14 16
6	Quickstick	Finat 9 (N/625mm)	10
7	Outdoor life span (Central European conditions)	-	up to 10 years
8	Temperature range at application Temperature range at use	-	+5°C to +40°C -25° to +100°C
