

# Product Information

## WOAF 220 Poster Paper

### Description

Work Of Art Frame (WOAF 220 gsm) is a high quality gloss paper for high resolution prints using solvent, eco-solvent, mildsolvent, UV and latex inks. Specially designed for those who are looking for a recyclable alternative to the expensive PE complex photo papers. It works perfectly well for all kinds of wide format applications. Thanks to the excellent combination between the substrate and it's coating, this media gives the highest quality colour reproduction.

### Composition

Media: 202g/m<sup>2</sup>  
200 µm

### Features

- Polyvalent media for poster and photo quality applications
- Excellent paper stability
- Fast drying capacity
- High quality print resolution
- Uses less ink
- Available in widths up to 2m
- Compatible with solvent, eco-solvent, UV and latex inks
