Final Product:	Self adhesive 100% polyester textile, satin white coating
Weight:	340g/m ²
Peel 180°:	After 20 min. 1,1 Newtons
Method FTM1 (n/25mm):	After 4 hours. 1,1 Newtons After 24 hours. 1,2 Newtons
Dimensions:	1370mm
Roll Length:	20m

Applications

Art prints and wall decoration

Laminating

We recommend protecting the printed surface when it is subjected to abrasion, moisture or other mechanical influences. In this case, we recommend protecting the image with an appropriate liquid lamination.

Storage

After printing we recommend removing the remaining roll from the printer and to keep the canvas in the original packaging in a cool and dry environment.

Notes

Slight colour deviations can occur from production to production.
