

Product Information

Ignisafe

Description

Ignisafe 200g is a fire resistant satin paper for high resolution printing with solvent, eco-solvent, mild-solvent, UV and latex inks. A high quality paper specially designed for indoor billboard applications where fire resistance is required. It also works perfectly for all kinds of wide format indoor advertising. As an M1, B1 and A2 certified product it can be used for all indoor decorations above 1/2 m². A satin non-reflective surface enables this material to give the highest quality colour reproduction.

Composition

Media: 200g/m²
250 µm

Advantages
